Approximate Variable Rate Loan Repayment	monung	
As you have a current Direct Debit or Transfer set up on the	existing loan, we will automatically create one for the new	loan
I/We will set up my/our own repayment arrangement (e.g. V	a Internet Banking)	
I/We request the following Fixed Rate Loan Term		
1 Year Principal & Interest Interest Only	% 3 Year Principal & Interest In	terest Only %
2 Year Principal & Interest Interest Only	% 5 Year Principal & Interest In	terest Only %
I/We acknowledge that a break cost fee will be charged if:	a fixed interest rate: or	
(b) you become liable to repay us the entire loan balance imme	diately because of your default, before expiry of a fixed inte	rest rate period and we incur a
loss as a result of the early repayment. The break cost fee i	to be calculated and is to be repaid on the date of the repaid	ayment of the account balance
which is subject to the fixed interest rate.		
The break cost lee is calculated using the following formula. $\begin{pmatrix} (1+i)^n \\ (1+i)^n \end{pmatrix} \begin{pmatrix} P \\ P \end{pmatrix} \begin{bmatrix} ((1+i)^n-1) \\ (1+i)^n \end{pmatrix} \begin{pmatrix} P \\ P \end{pmatrix} \begin{bmatrix} (1+i)^n \\ (1+i)^n \end{bmatrix} \begin{pmatrix} P \\ P \end{pmatrix} \begin{bmatrix} (1+i)^n \\ (1+i)^n \end{bmatrix} \begin{pmatrix} P \\ P \end{pmatrix} \begin{bmatrix} (1+i)^n \\ (1+i)^n \\ (1+i)^n \end{bmatrix} \begin{pmatrix} P \\ P \end{pmatrix} \begin{bmatrix} (1+i)^n \\ (1+i)^n \\ (1+i)^n \\ (1+i)^n \\ (1+i)^n \end{bmatrix} \begin{pmatrix} P \\ (1+i)^n \\$	(1+r) <sup>n</sup> -1 ] ]	
BCF = Ax $\left\{ \frac{(11)}{(1+r)^n} - 1 \right\} - \left\{ \frac{1}{(1+r)^n} \right\} x \left\{ \frac{(11)^{-1}}{i} \right\} - \left\{ \frac{1}{i} \right\}$	$\frac{(r+r)-r}{r}$	
Where:		
BCF = the break cost fee A = the current loan outstanding which is subject to fixed rate	i = the wholesale swap rate at the incept r = the wholesale swap rate for the rema	ion of the loan inder of the fixed interest period
P = the monthly schedule payments to which the fixed rate ap	plies n = the remaining number of months in th	e fixed interest period.
I/We also acknowledge that the switching fee of $150.00\ \text{will}$ be	applicable to our request and debited to my/our loan account	nt.
Government charges may also apply. All applicable fees and char conjunction with the issuing of the related Loan documents.	rges will be disclosed in the Letter of Offer provided to the	Loan Applicant(s) prior to or in
